A frame with title and subtitle

The subtitle goes here

Ordered list:

1. First item
2. Second item
3. Third item

Unordered list:

- First level
 - Second level
 - Third level

A frame with title only

Theorem

$$e^{i\pi} + 1 = 0$$

Proof

$$e^{iz} = \cos z + i \sin z$$

therefore

$$\begin{aligned} e^{i\pi} + 1 &= \cos \pi + i \sin \pi + 1 \\ &= -1 + i \times 0 + 1 \\ &= 0 \end{aligned}$$

Block

A *plain* frame has no headline

Alert! A *plain* frame still appears in the navigation bar unless:

- ▶ It is the first frame, or
- ▶ It is placed after `\appendix`

A *standout* frame can be used to highlight something important, either as is...

...or in combination with *plain*.
